The Apartment

16 Albany Street is a 2 bedroom (both double) drawing room apartment and is available for short-term rent throughout the year. The 2 double bedrooms can sleep 4 people.

The apartment is in the heart of Edinburgh New Town in Albany Street; a 5-minute walk from George Street and a further couple of minutes to Princes Street.

The Area

Edinburgh New Town was built over about 100 years from the mid 18th to the mid 19th centuries to reduce the overcrowding in the 'Old Town'. New Town is a UNESCO World Heritage Site due to the many examples of fine Georgian architecture.

Princes Street is the 'main street' of New Town though George Street was the original main street of the development.

New Town is a mixture of quiet residential streets and the hustle and bustle of a city centre. The main shopping street of Edinburgh is Princes Street, Princes Street marks the boundary between the old and the new towns. Many bars and restaurants are 'just off' Princes Street though many visitors consider George Street to be an area that rivals Princes Street for night-time entertainment.
